This treemap visualizes the 2016 US House of Representatives, categorized by political party (Republican, Democrat, Independent) and then by state. The size of each rectangle represents the number of representatives from that state, and the color indicates the party affiliation.

| Party               | State                | Representatives |
|---------------------|----------------------|-----------------|
| Republican (Red)    | Alabama              | 1               |
|                     | Alaska               | 1               |
|                     | Arizona              | 6               |
|                     | Arkansas             | 1               |
|                     | California           | 53              |
| Democrat (Blue)     | Connecticut          | 1               |
|                     | Delaware             | 1               |
|                     | District of Columbia | 1               |
|                     | Florida              | 13              |
|                     | Georgia              | 6               |
|                     | Hawaii               | 1               |
|                     | Idaho                | 1               |
|                     | Illinois             | 13              |
|                     | Indiana              | 6               |
